

**REMARKS:**

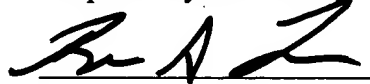

Claims 25, 26, 44, and 57 have been amended. Applicant reserves the right to pursue the original claims and other claims in this application and other applications. Claims 1-57 are pending in this application. Applicants gratefully acknowledge the allowance of claims 1-24, 30-43 and 45-56.

Claims 25, 44 and 57 are objected to because of informalities. Claims 25, 44 and 57 have been amended to address the Examiner's concerns. Specifically, claims 25, 44 and 57 further define the route through which the encrypted document is sent from the data center to the destination device. In each of claims 25, 44 and 57, the encrypted document is first sent from the data center to the mobile device, and then from the mobile device to the destination device.

Claims 26-29 stand rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 26 has been amended to address the Examiner's concerns. Applicants respectfully submit that all claims are in full compliance with 35 U.S.C. § 112.

In view of the foregoing amendments and remarks, it is respectfully submitted that the pending claims are in condition for allowance and favorable action thereon is requested.

Respectfully submitted,
